

Praise for Eric M. Fortier

On: *Can You Feel It? On Psychedelic Microdosing:*

“Terrific piece... Thank you for your work and writing – it helps create a rich discourse and space around the medicine work.”

- **Alexander Belser**, Ph.D., licensed psychologist, clinical supervisor, and psychedelic researcher at Yale University. Co-Founder of the NYU Psychedelic Research Project.

“I’m an artist very interested in your work... and the idea of consciousness and how it can manifest greater awareness and creativity for many years in my practice... Your research caught my attention. Keep up the good work... Really fascinating.”

- **Ross Bleckner**, M.F.A., renowned American artist and Clinical Professor of Studio Art at NYU. Youngest artist ever to have a solo exhibition at the Guggenheim in New York.

“Thank you for such an informative piece.”

- **Ivan Casselman**, Ph.D., FLS, noted plant-based and psychedelic researcher, and Chief Psychedelic Officer at Canadian biotech company Havn Life Sciences.

On: *A New Understanding: Summary and Critical Analysis:*

“Thank you for covering the film. This is a very astute analysis of it and really captures our intention behind creating it. We look forward to sharing this with our audience.”

- **The Creators** of the documentary film, “A New Understanding: The Science of Psilocybin.”

On: *Review of “The Varieties of Psychedelic Experience:”*

“Bad ass!!”

- **Joe Moore**, Co-Founder of PsychedelicsToday.

Sample comments from the public:

“I’m really liking Can You Feel It. It’s easy to digest, full of interesting details and, most important of all, that you have citations for every claim. Sources like these are excellent for both laymen like me and the phobics out there.”

-Risto Tenno, a boat builder from Estonia

“Wow! Thanks for such a comprehensive and well-informed overview.”

-Reddit user /u/stealingakiss

“I empathize a lot with many of your viewpoints... I greatly appreciate the level of discussion and knowledge you bring.”

-Reddit user /u/elgelgelg

“Thank you for your work, and for sharing it with us. That was a great read, well researched and very informative. I saved it and will be referring to it in the future. Again, thank you.”
